To whom it may concern'

Custom Stack Analysis, LLC. has been advertising with Environmental Yellow Pages for the past 20 years. We are very pleased with the Google search placement that Mr. Joe De Martni has been able to provide for us. Joe has helped over the years with keywords to keep our listing at the top on searches. I have used other advertising companies over the years but Environmental Yellow Pages has always consistently out performed all of them.

Sincerely,

A handwritten signature in black ink that reads "James K. Gray". The signature is written in a cursive, flowing style.

James Gray  
Custom Stack Analysis, LLC.
